So they can see a better life.

Prescription Refill Form

You may request a medication refill by calling the office directly, submitting this form online, or by filling out and faxing this form to (757) 932-9325. Please allow at least 2 business days to process your refill request. All refill requests will be evaluated and approved by Dr. Heather, or an Animal Vision Center of Virginia team member, based on Dr. Heather's written prescription in the patient file.

Please note: *By law, we can only refill medications up to 1 year following the last examination date. Many conditions require more frequent evaluation for medication titration, and will be refilled up to the date of the recommended recheck evaluation.*
